Dear Colleague,

For the past several months, an Ad Hoc Committee on Constitutional Revision has been working to make our Chapter Constitution more responsive to the professional, scientific, and educational needs of New England physicists. Farideh Bagne, Joe Blinick, and Ken Wright have spent many hours at this task, and are to be congratulated for their dedication and perseverance.

In order to allow for a full discussion of the ideas contained in their proposed constitution revisions which are enclosed, I should like to call a meeting of the AAPM-BMPG for Thursday, March 27 at 4:00 P.M. in the M.I.T. Faculty Club.

Please plan to attend so that together we may explore the broadest possible spectrum of opinion.

Cordially,

Edward S. Sternick, Ph.D.
